

Customer Profile

## FEATURES

- The extension enables users to upload profile pictures and displays them in various sections of the website.
- The avatar can be showcased in the website's header.
- The avatar can appear in the reviews list.

## Ultimate Guide for Magento 2 Customer Profile

Introducing the Magento 2 Customer Profile extension, a versatile solution that empowers users to add, update, and delete their avatars. Now, you can easily view user avatars within the product review tab, enhancing the overall user experience and personalization on your Magento 2 store.

- Allowing users to personalize their profile : Users have the freedom to upload their own profile picture, adding a personal touch to their accounts.
  - Displaying avatars in the website header : Avatars uploaded by users will be prominently featured in the website's header, ensuring a personalized and engaging user experience.
  - Showcasing avatars in the reviews section : User avatars will also be showcased in the reviews section, providing a visual identity to reviewers and enhancing the credibility of their feedback.
- 

## How to install the extension

### 1. Upload via ZIP/Archive

- Back up your store's database and web directory
  - Download the extension zip file and extract the zip file
  - Transfer the **app** folder into the **Magento2 root** directory on the server
  - Enable maintenance mode **php bin/magento maintenance:enable**
  - Run the command **php bin/magento module:enable MageINIC\_Core MageINIC\_CustomerProfile**
  - Run the command **php bin/magento setup:upgrade** to install the extension
  - Run the command **php bin/magento cache:clean** to clean the cache
  - Disable maintenance mode **php bin/magento maintenance:disable**
  - Check the store environment if everything is working properly. If, at any point, the store displays an error, check the Magento logger for more details.
-

# Extension Configuration

To configure the extension configuration, Please go to **Stores** → **Settings** → **Configuration** → **MageINIC** → **Customer Profile Settings**.
